Description

Transform your floor into a modern canvas with the **Slate Trellis** from The Woven Legacy.

Inspired by Scandinavian geometry and Bhadohi's hand-tufting mastery, this rug showcases a striking trellis of interlocking diamonds. Each diamond is filled with a soft, watercolor-like ombre in shades of slate, steel, and charcoal, created through skilled wool blending. The crisp ivory trellis is hand-carved at 45 degrees to create a beautiful high-low 3D contour, giving it a sculptural depth.

Woven by our artisan cluster in Bhadohi using the traditional table-tufting gun technique, secured with natural latex and cotton backing for extra durability. Part of our **Anti-White Labelling** promise - every Slate Trellis carries the story of its maker, not just our name.

Features:

- 100% Hand Tufted in Bhadohi, India
- Face: Premium New Zealand Wool for softness & durability
- Hand-carved trellis lines for 3D sculptural texture
- Ombre / distressed gradient effect - hides daily wear
- Naturally stain-resistant and warm
- Easy maintenance - ideal for living room & bedroom

Styling Tips

The Scandi Sanctuary: Pair Noir Diamond with a low-profile natural oak frame sofa, crisp white linen curtains, matte black floor lamps, and lots of green plants. Let the rug be the graphic statement.

Modern Tribal Loft: Complement its tribal soul with cognac leather armchairs, a black metal coffee table, woven wool poufs, and textured clay vases for a globally-inspired, layered look.

Care Instructions

Vacuum regularly on low suction without a beater bar.
